

Hazardous Waste Handling and Disposal Services

TRAINING CLASS

Offered by the Office of State Procurement

- *Learn about the new state contract for handling and disposing of waste*
- *Meet the new state Contractor and learn how best to work together*
- *Find the state contract that would be best for the waste stream*
- *Get the latest updates to the Dangerous Waste Rules*
- *Work with the state pesticides collection program*
- *Bring your questions about tough and problem wastes*

State Contracts for Hazardous Waste Disposal - Office of State Procurement

Overview of State contracts for handling dangerous waste streams and introducing the new Hazardous Waste Disposal and Handling Service contract.

New State Contractor - Clean Harbor Environmental Services

Vendor will discuss using the new contract, on-line features, tracking, service contacts, how your waste will be handled on this contract, and how to best to work together, what to prepare, how to prepare, when to prepare. What to expect for billing, invoices and documentation.

Dangerous Waste Rules and Policies - Department of Ecology

What's new with Dangerous Waste Rules, pollution prevention, manifest requirements, and compliance inspections?

Washington State Pesticide Collection Program - Department of Agriculture

Learn about the types of chemicals accepted at collection events, free disposal, dealing with unknowns and about sponsoring a collection event. (Presented at Spokane, Olympia and Vancouver)

Panel Discussion - What is Your Problem???

Dealing with the "Odd" or "Hard to Manage" waste.
Open Floor – QA's

NOTE: If you have a question(s) please forward it to the Office of State Procurement.

Panel Representatives from Clean Harbors Environmental Services, Department of Ecology, Washington State Department of Agriculture, University of Washington, Washington State University, Western Washington University and City of Seattle will be available based on their availability for your questions.
